

## **User Guide**

To learn how to install and run the application, please read through the [README.md](#) file in our [GitHub repository](#).

### **General Things to Know**

- Currently, this application is only for one pharmacy, *PharmaPlus*.
- In this application, you may only log in with the given credentials. There is no option to create or delete an account. We chose to do it this way, as in many healthcare applications, accounts are given after many verifications. Here, we are implementing a similar logic, so if an individual needs an account, the pharmacy must contact us (Inoculist), and we will set up an account for them after verification.
  - Similarly, an account cannot be deleted. They must contact us for this.

### **Assistant User**

A screenshot of a web application's login page. The page has a light beige background. In the center is a white rounded rectangle containing the login form. At the top of this rectangle, the word "INOCULYST" is written in bold, black, uppercase letters. Below it, the label "Username" is followed by a text input field containing the text "jerrywilson". Below that, the label "Password" is followed by a text input field containing seven dots. At the bottom of the white rectangle is a dark grey button with the word "Login" in white text.

Log in to an assistant account: Username: jerrywilson. Password: tennis10

Redirects to dashboard:

The dashboard shows a quick data overview of the inventory. It features three summary cards: '10 Batches Available', '2 Expired Batches', and '0 Upcoming Expiry Dates'. Below these are two lists: 'List of Expired Batches' showing Batch IDs BA008 and BA009, and 'List of Upcoming Expired Batches' showing 'No expiring batches'.

You can also navigate back to inventory with the back button:

Account Settings:

A screenshot of the INOCULYST web application's Account Settings page. The left sidebar shows the user's name "Jerry Wilson" and role "assistant", along with navigation links for Dashboard, Inventory, Vaccine Groups, and Account Settings. The main content area is titled "Account Settings" and includes a subtitle "Update your account credentials." Below this is a table of user information: ID (E003), Account Type (assistant), First Name (Jerry), Last Name (Wilson), Email Address (jerrywilson@inoculyst.com), Phone Number (1235558888), and Username (jerrywilson). To the right of the table are two form sections: "Update Username" with fields for Current Username (current username) and New Username (new username), and "Update Password" with fields for Current Password (current password) and New Password (new password). Both sections have a "Save" button.

You can change your username and password:

A close-up of the "Update Username" form. It has a title "Update Username" and two input fields. The first field, labeled "Current Username", contains the text "jerrywilson". The second field, labeled "New Username", contains the text "jerry". Below the fields is a dark button labeled "Save Username".
